

The Signature Group, Inc. Expands with Annapolis, MD Office Opening

Vienna, VA – March 28, 2011

The Signature Group, Inc. (TSG), a leading provider of managed IT services and IT solutions, is pleased to announce the opening of a new office in Annapolis, Maryland in March 2011. Located at 222 Prince George Street in Annapolis, this expansion is part of TSG's strategic plan to serve major client growth areas through local office presence. The Baltimore/Annapolis area boasts outstanding business, education, health care and government communities, and TSG's wants to make it easier to provide extensive IT services to these communities.

"The Signature Group's focus on delivering 'excellence' in IT solutions and support services will continue to be the company's number one priority", explained TSG CEO Michael C. Perdue. "We will maintain a balance between growth and our ability to deliver excellence in every area of the Company in the coming years."

"TSG has seen organic growth rates of over 25% in 2010 and even higher growth rates in the first quarter of 2011 in many of the company's targeted East Coast regions. Strong client relationship and an ever-growing portfolio of IT services and solutions are the source of this expansion opportunity" said Rich Dobry, Executive Vice President at TSG. Rich Dobry will be heading up the new Annapolis, Maryland office.

Over the past decade, TSG has extended its reach and reputation by investing in a wide range of evolving IT technologies, expanding our portfolio with new service offerings; and positioning the company to help clients maintain an affordable and effective IT capability that is fully responsive to their developing needs.

About TSG
