

The Signature Group, Inc. (TSG) Achieves VMware Enterprise Partner Status

Vienna, VA– July 11, 2011

[The Signature Group, Inc.](#) a leading provider of IT consulting, integration, support, and managed services is proud to announce that it has been awarded an Enterprise Solutions Partnership with VMware.

The VMware Enterprise partner status gives TSG the ability to more effectively design and deploy virtualization solutions and enterprise capacity while providing aggressive savings for its customer base. Virtualization, in essence, is one of TSG's solutions to help businesses increase IT efficiency, decrease operating costs, and meet carbon reduction targets. This level of achievement with VMware will provide TSG with a return on investment by complimenting an already extensive technology portfolio of virtualization platforms.

As a VMware Enterprise Solution Provider, TSG can serve our clients' needs from the desktop to the data center with the unique value VMware virtualization products and solutions offer. The VMware Enterprise Solution Provider Program provides TSG with access to resources to expand sales opportunities and increase profitability.

"TSG is excited to achieve our Enterprise partnership with VMware. It adds to the value we can provide our clients as we migrate their IT systems to a virtualized environment in the data center and the cloud while allowing for better return on their investment and going green at the same time," said Rich Dobry, Executive Vice President at The Signature Group.
